

South Carolina Teachers Celebrating Earth Day

Teacher	District	Earth Day Activity
Candace Smith	Aiken	We do a campus clean-up
Heidi McAllister	Beaufort	We are collecting data on school birdhouses during nesting
Jessica Davies	Chester	We are growing lima beans on the window without soil, making a plant book and sending our students home with seeds, soil and a container to plant them in
Heather Stacks	Chester	We are making pine cone bird feeders, picking up trash around our school, going on nature walks and doing a milk jug catch project
Lynn Howard	Florence 1	We are attending Kalmia Gardens Earth Day
Alexandria Gabriel	Greenville	We are using kitchen scraps at home to grow vegetable gardens
Jonathan Gordon	Greenville	We are growing a garden at home and recording the growth for our students
Jamie Taber	Greenville	We make DIY flower pots with washcloths
Beena Krishnamma	Hampton 2	We have a research project and container garden
Billy Heath	Horry	We help with the school garden
Kristen Coon	Lancaster	We are growing cabbages at home
Lynn Moseley	Lexington 2	We are planting seeds in the school garden, using a composter, and have beehives
Peter Lauzon	Lexington 5	We have a bee garden and trout in the classroom
Melanie Rucker	McCormick	We are completing activities from the Clemson Extension Bee a Friend to Pollinators unit
Joe Kovaz	Richland 1	We are watching "Treasures of the Earth: Power" followed by the PhET Simulation investigating the Greenhouse Effect
Alison Hogsed	Spartanburg 2	We grow a garden
Lynn Griffith	Spartanburg 7	We are creating Earth Art with newspaper and paint
Kristin McCoon	Sumter	We are growing plants from seeds in the school's greenhouse
Richard Phillips	Sumter	We are planting a garden in the raised garden outside of our classroom and using indoor grow stations
John Brandt	York 3	We are using the app: SEEK by iNaturalist where you take a photo and it gives the full taxonomy
