First Grade

First Grade Adventure Days Adventures in Space Science

The First Grade Adventure allows you to choose between three exciting planetarium shows, “The Little Star that Could,” “Magic Tree House: Space Mission” or “One World, One Sky: Big Bird’s Adventure,” in addition to receiving an engaging lesson on the properties of the Sun and Moon and the features of the day and night sky. **Science Standards: 1.E3A.1, 1.E3A.2**

The Little Star That Could Planetarium

An age-appropriate story about Little Star, an average yellow star in search of a planet of his own to protect and warm. Students will learn the importance of the Sun as a star that provides heat and light for Earth. Instructors will also demonstrate the daily patterns of the Sun and Moon including sunrise and sunset.

OR

Magic Tree House: Space Mission Planetarium **New!**

Peek into the tree house and follow Jack and Annie on an exciting adventure as they meet an astronomer and an astronaut who guide them along a fun-filled journey to discover the secrets of the Sun, Moon, planets, space travel and more.

OR

One World, One Sky, Big Bird’s Adventure Planetarium **New!**

Join Big Bird and Elmo as they explore the night sky with Hu Hu Zhu, a Muppet from “Zhima Jie,” the Chinese coproduction of Sesame Street. Together they take an imaginary trip from Sesame Street to the moon, where they discover how different it is from Earth. They also journey to Zhima Jie to learn about the similarities in our view of the sky.

Choose one of the following two options:

Option A

Arrive at 11:00am and view the 11:15am planetarium show. Afterwards, have lunch before returning to school.

Option B

Arrive at 11:30am and have lunch upon arrival before viewing the 12:15pm show.
