

**Greenville County Schools**  
**VACANCY ANNOUNCEMENT**

Position - Roper Mountain Science Teacher

Location - Roper Mountain Science Center

Length of Service- 11 months; Teacher Scale

**Major Responsibilities:**

1. Instruct daily, standards-based learning labs and programs for elementary and middle school students.
2. Create new and innovative standards-based, hands-on natural history, life and earth science programs that engage students in the inquiry process.
3. Extend the impact of RMSC lessons and programs through pre-visits, post-visits, virtually, and through new and innovative techniques
4. Plan, organize and provide high quality science programs for students and the public (summer exploration camps, *Second Saturdays*, group programs, after school programs, workshops, outreach, virtual field trips, etc.).
5. Work with RMSC education staff and district personnel to create and provide professional development for teachers on inquiry, STEM/STEAM, and experiential learning.
6. Assist with the Natural Science volunteer program
7. Assist staff in creating and maintaining outdoor spaces for students to explore the inquiry process through nature
8. Assist with the care and maintenance of the animals, habitats, teaching spaces and exhibits
9. Follow procedures and policies of the district
10. Other duties as assigned

**Qualifications:**

1. Elementary or Middle School Science certification;
2. minimum of 3 years teaching experience;
3. proven experience working with collaborative teams to effectively develop and deliver high-quality experiential learning programs;
4. strong organizational, writing and communication skills;
5. strong commitment to student education, customer service and creative problem solving;
6. experience in a fast-paced position that requires multi-tasking;
7. technology proficiency as required by Greenville County Schools.

**Roper Mountain Mission**

To ignite the natural curiosity of all learners to explore and shape their world.

**Roper Mountain Vision**

To be a pinnacle of innovative learning, an engine for community engagement and a national leader in science education.
