

STEMFest

INSPIRING WONDER

Saturday, February 10 • 9:00am - 3:00pm

Experience the world of STEAM (Science, Technology, Engineering, Art and Math) with hands-on activities and demonstrations with robots, drones, LEGO bridges, 3D scanning and printing, making polymers and much more. Bring your family...there will be something for everyone!

ENGINEERING & DESIGN

Fluor Engineering Challenges
 GE Student Design Center
 Michelin LEGO Bridge Building
 Clemson Engineering Emagine
 Design with ACE Mentor of the Upstate

TECHNOLOGY

Drone Racing
 FIRST Robotics
 3D Printing
 Dash Robot Challenges

EXHIBITS & DEMOS

Robots and Circuits with BMW
 Fiber Optics with AFL
 Maker Pipe Creations
 3D Scanning

Roper Mountain
 Science Center

RoperMountain.org

FLUOR

BMW Manufacturing Co.
